6. REPORT OF THE PRESIDENT

President Fernando Aguerre provided a report on upcoming events and initiatives of the ISA. Items requiring elaboration are summarized below.

Olympic Relations

Paris 2024: Fernando Aguerre reported that the ISA is still in negotiations with the Olympic Committee regarding the number of athletes to participate in the Paris Olympics.

Fernando Aguerre noted that the qualifying event for the Paris Olympics, the 2023 World Surfing Games, is still under consideration and will hopefully be held in El Salvador. Currently, no host has been selected for the 2024 World Surfing Games.

Stand Up Paddle (SUP): It was reported that the SUP World Championships will not be related to the Olympic Games. Stand up racing and surfing, as well as long board and short board will compete at the next Pan American games, and the ISA is investigating qualifying events for SUP for the Pan American as well as other continental games.

Fernando Aguerre reported the IOC has committed to the inclusion of SUP for the 2028 Los Angeles Olympic games. The ISA will also pursue the possibility of including long board in the 2028 games.

Question and Answer Session

Costa Rica asked for information regarding bodyboarding championships and the possibility of inclusion of the sport in the Olympic Games.
Fernando Aguerre responded that prior to approaching the IOC, more championships and the inclusion of bodyboarding in the Pan American Games would be necessary.

Australia asked when the process for the 2024 Games would be completed. Fernando Aguerre noted that qualifications must be approved by the IOC. Robert Fasulo added that this should be complete by February 2022.

Czech Republic inquired about the next World SUP Championship. Fernando Aguerre responded that the official host country for the 2022 World SUP Championship will be announced shortly.

Thailand asked who they should speak to regarding hosting a SUP championship. Fernando Aguerre replied that they should contact the ISA.

Virgin Islands asked if the dates were set for the ISA World Games. Fernando Aguerre responded that the dates are in negotiation and will be announced before the end of 2021.

Uruguay inquired about the possibility of organizing one or more regional championships. Fernando Aguerre responded that countries could certainly organize regional competitions and should correspond with the Pan American and South American Games regarding this issue.

Senegal reported that they are hosting the Youth Olympic Games in 2022. Kirsty Coventry reported on the current progress in organization for the Senegal Youth Olympic Games. There is a follow up meeting on this topic at the end of November, 2021, and Kirsty Coventry will update the representatives following this meeting.

Costa Rica asked for further information regarding bodyboarding events. Fernando Aguerre responded that as the ISA is an Olympic Federation, they will be proposing more events including bodyboarding to the Olympic Committee. World qualifying events will need to be established to this end.

7. REPORT OF EXECUTIVE DIRECTOR

ISA Staff Structure

Robert Fasulo reported on the staff structure of the ISA. The organization is pleased to welcome the new marketing manager, Federico Ferroni.

Financial Statements

Due to COVID-19, 2020 was a challenging year financially as much of the ISA’s revenue is derived from events. The majority of the income for 2020 was received from IOC support in the form of a grant. The audited financials have been distributed to all members and are published online. Federico Ferroni reported that the organization ended 2020 with a net income of $575,000. The IOC has requested that the ISA establish a reserve fund equivalent of three years’ operating expenses. As events resume, the ISA expects income levels to return to previous levels.
Question and Answer Session

Sweden asked why the income from the Olympic Committee was not distributed to country federations. Fernando Aguerre responded that the ISA does not distribute money to federations in the normal course of operations. It was also noted that the IOC contribution was intended for two years of operating expenses.

8. AMENDMENTS TO THE ISA CONSTITUTION

Fernando Aguerre reviewed the proposed amendments to Articles 3.i, 6.c.ii, 6.d, 6.e, 7.c, 8.g, 9.a.v, and 9.a.x of the ISA Constitution.

Question and Answer Session

Dominican Republic inquired regarding the proposed changes to Article 3.i of the constitution and how they would be enforced in individual countries. Fernando Aguerre responded that the values represented in Article 3.i are those of the surfing federations and may not always be reflected in the larger population of a country.

Spain asked whether environmental protection could be included as a goal of the ISA in Article 3.1. Fernando Aguerre noted that this is reflected elsewhere in the constitution.

On a motion duly made and seconded, it was resolved to approve the proposed amendments to the constitution. Motion carried.
